Lusogolf Fundraising Inc. and **Abrigo Centre** are celebrating their 10th annual fund raising golf tournaments in 2007. We are joining forces to mark this special occasion by combining our annual golf tournaments and fund raising events.

This combined effort will bring together a larger number of participants, providing our sponsors with a greater opportunity to reach their markets and the community at large.

Abrigo Centre is a charitable organization that provides counselling and support services to over 4,000 individuals annually. Programs include family counselling, youth outreach, violence against women and children, community development and employment services for newcomers. Services are confidential and free of charge.

Lusogolf Fundraising Inc. raises funds for projects designed to enhance and promote interactive cultural and community events that encourage our children's education, by providing "Awards and Financial Incentives" for organizations, including Abrigo Centre, and scholarships to deserving students pursuing a higher education.
